

### Special features:

The vertical aluminium post prevents the formation of cracks between the joint sealer and the rigid PVC insert.

If necessary the PVC insert can be replaced at any time without damaging the joint sealer.

## PROBASIC with non-slip rigid PVC insert.

### Materials and colours

#### Aluminium

#### Rigid PVC

Beige

Grey

Brown

Black

### Areas of application

- Non-slip, decorative finishing element for step edges, particularly in areas frequented by a large number of visitors (safety aspect).
- The step-edges are easily recognisable.
- Decorative, matching end covers with push-in end caps.
- Enhanced security due to the coloured accentuation of the stair edge.

### Dimensions

**Profile heights (H):**  
from 8 mm to 12.5 mm

#### Profile lengths:

250 cm, 300 cm  
(On request some variations are also available in fixed lengths with bevel)
